Georgetown College.

FOUNDED AS A COLLEGE, 1789.

CHARTERED AS A UNIVERSITY

BY ACT OF CONGRESS, MARCH 1ST, 1815.

CLASSICAL DEPARTMENT.

REGULATIONS.

ADMISSIONS.

Students may be entered at any time during the session.

Applicants for admission must know how to read and write and must bear a good moral character. If they have been students at any other institution, they must present a certificate of general good conduct from the authorities of such institution or from other reliable persons.

Each student, on entering, is examined by the Prefect of Studies and assigned to the class for which his prior attainments have fitted him.

COURSE OF STUDIES.

The entire course of studies, including the Preparatory Classes, is completed in seven years, unless the proficiency of the student authorize a shortening of that term.

Every student is required to pursue the regular classical course, as experience has proved exemptions in this regard to be a source of great inconvenience.

DEGREES.

The degree of Bachelor of Arts is conferred upon students who have made the regular course in Latin, Greek, French and Mathematics, and who have passed satisfactory examinations in Rational Philosophy, Physics and Chemistry.

The degree of Master of Arts, in course, is conferred upon Bachelors of Arts who have passed satisfactory examinations

in the post-graduate course of Ethics and Natural Philosophy, or who have graduated in any of the learned professions. The candidate for the degree of Bachelor or Master of Arts is required to compose an essay on some Literary, Scientific or Moral subject, a copy of which, if approved of by the Faculty, must be left in the archives of the College.

Honorary degrees are conferred, at the discretion of the Faculty, upon those who unite proficiency in the Classics with eminence in Literature or Science.

EXAMINATIONS AND PROMOTIONS.

Two general examinations are held during the year, the Minor, or "Middle," in January, at the end of the first term, and the Major, or "Final," in June.

Promotions, though generally made at the end of the terms, will be allowed at any period of the year, when warranted by the progress of the student.

The Academic Year begins on the first Monday of September, and ends in the first week of July.

TERMS.

Tuition, Board, Lodging, Washing and Mending of Linen, for the Scholastic Year.....	\$325 00
\$162 50 invariably in advance.

SPECIAL CHARGES.

Use of Philosophical and Astronomical Instruments.....	10 00
Graduation Fees.....	10 00

EXTRA CHARGES.

Residence at the College during the Summer Vacation.....	60 00
Use of Piano per annum.....	12 00
Spanish, German and Italian per annum.....	40 00
Music, Drawing and Fencing at the Professor's charges.	
Mending of Clothes and Shoes, at moderate rates.	

All accounts must be paid half-yearly in advance. If a student is withdrawn before the end of a session, no deduction will be made, except in cases of sickness or dismissal.

Articles of clothing will not be furnished by the College, unless a deposit, for that purpose, be left with the Treasurer, who will give a detailed account of its outlay in his regular semi-annual statement.

Books and stationery, not supplied by the parents or guardians themselves, will be furnished by the College at moderate prices. No bill for clothing or other articles purchased by any student will be acknowledged, unless authorized by the Directors of the College.

Every student must procure the College uniform, which for the greater convenience of parents, can be obtained at the College, on moderate terms. He must be provided with at least two suits for daily wear, for which no particular color is prescribed, six changes of underclothing with a like proportion of handkerchiefs and towels, and three pairs of shoes. He must also have a silver table-spoon and fork, which if not brought, will be furnished by the College and charged to his account.

Whatever sums parents or guardians may allow their sons or wards for pocket-money, must be deposited with the Treasurer, who will disburse the same according to instructions received or as circumstances may require. No advance will be made beyond the deposit.

Every student from a distance must have a guardian in the vicinity who shall be responsible for his bills and receive him in case of dismissal.

N. B.—Parents and guardians are requested to make arrangements for their sons and wards to spend, if not the whole, at least a part, of the vacations elsewhere than at the College.

The Course of NATURAL PHILOSOPHY includes PHYSICS, MECHANICS and ASTRONOMY.

The Course of CHEMISTRY embraces INORGANIC and ORGANIC CHEMISTRY.

POST-GRADUATE COURSE.

Natural Right, including the fundamental principles of Civil, Political and International Law; The Critical History of Philosophy; Special Branches of Science.

GENERAL REMARKS.

REGULATIONS FOR BOARDERS.

Every student is bound to know and observe the rules of the College, which are publicly read and explained each year.

The students are not allowed to leave the College grounds without permission. Leave to visit the city is granted by the President only, and the students must return to the College before night. Those whose parents or legal guardians reside in the District will be allowed to visit them once a month. This privilege, however, will be withheld from any student whose conduct or application has not been satisfactory.

The College authorities reserve to themselves the discretionary power of opening all letters to students, not known to be from parents or guardians.

The introduction of immoral books or papers will render the offender liable to expulsion.

The use of tobacco is discouraged, and students are required to abide by the regulations in this regard.

No distinction of religion is made in the reception of students, but the discipline of the house makes it necessary that all the boarders be present together at the public exercises of religion.

REGULATIONS FOR DAY SCHOLARS.

They will be admitted into the College yard at 8 o'clock A. M., and at 2½ o'clock P. M.

The classes begin at 8¼ A. M., and continue until 11¾. They are resumed at 2¾, and continue till 5 P. M.

Punctual attendance at these hours is required, and no one, after absenting himself or coming late, will be received without a note from a parent or guardian.

They are forbidden to take out letters or perform errands for boarders without the consent of the President of the College.

JUNIOR DIVISION.

Experience having proved the necessity of separating the younger from the older students, their respective dormitories, play-grounds, study-halls, &c., are entirely apart. To ensure the careful attention their age requires, the younger students are, in their studies and pastimes, under the supervision of officers especially assigned to them.

CATHOLIC STUDENTS.

Catholics are instructed in their religion by means of the Catechism, which forms one the regular recitations, and by weekly catechetical lectures, which are attended by all. Further instruction is also given to such as have need of it, or are preparing for the Sacraments. For the encouragement of piety there are two Sodalties, each possessing a library of appropriate works.

AWARDS AND REPORTS.

The prizes, at the Annual Distribution in July, are awarded to those who by their class exercises during the year and the excellence of their examinations attain the highest number of good marks. As marks are not made up to absentees, parents who permit their sons to remain at home beyond the period

allotted for vacation or recess, cannot expect to see them hold distinguished places in their classes.

Besides the Annual Distribution of Awards, the Faculty and students are assembled at the beginning of each month, when the "marks" and the standing of the students in their respective classes for the preceding month are publicly proclaimed, and testimonials awarded to those who have attained the prescribed degree of excellence.

A quarterly report of the standing in class, the progress and general conduct of each student is sent to his parents or guardians.

VACATIONS AND HOLIDAYS.

No classes are held on Tuesday and Thursday afternoons, nor on days of general religious or national observance. Besides the summer recess, which expires on the first Monday of September, a week is given at Christmas and another at Easter.

LECTURES, &c.

The students of the senior classes may attend the lectures of the Smithsonian Institute, accompanied by one of their Professors, and may also enjoy, on days of recreation, the privilege of hearing the debates in Congress or pleadings before the Supreme Court, whenever the subjects under discussion may prove interesting and instructive.

LITERARY SOCIETIES.

These associations are intended to promote a taste for general or special literary studies, and to afford practice in debate and declamation. Their annual celebrations are public, and

are held on days fixed by the by-laws. For a list of officers and members, see subsequent pages.

The Students' Reading-Room is supplied with daily, weekly and monthly journals.

MILITARY AND ATHLETIC EXERCISES.

There is a military organization comprising the two divisions of larger and smaller students, supplied with arms by the U. S. Government and duly drilled by a competent officer.

Organizations for the practice of athletic sports are encouraged. Ample facilities for physical exercise and for bathing are provided.

LIBRARY, MUSEUM, &C.

Besides more than three thousand volumes in the Students' Libraries, the College possesses a LIBRARY of some thirty thousand volumes, amongst which are many rare and curious works. There are one hundred volumes printed between the years 1460 and 1520 ; three manuscripts anterior to the year 1400, and one of the year 1280.

THE PHILOSOPHICAL CABINET and a Chemical Laboratory contain the instruments necessary for the prosecution of studies in Natural Philosophy and Chemistry.

The collections in the MUSEUM embrace an extensive cabinet of minerals, geological specimens and shells, besides a valuable set of coins, medals and miscellaneous objects.

At the distance of about 400 yards from the College is an ASTRONOMICAL OBSERVATORY, sixty feet long and thirty feet wide, divided from east to west into three rooms. The eastern room contains a first-class meridian circle, by Troughton & Simms, of London. The divided arc of the circle has a

diameter of 45 inches, reading by microscopes to fractions of a second of an arc. The telescope is a four-inch glass. A fine sidereal clock, by Molyneaux, of London, accompanies this instrument. In the western room is mounted a fine transit instrument, by Ertel & Son, of Munich. It is seven feet long, and has a four and one-half inch object glass. There is in the same room a sidereal clock. The middle part of the Observatory is three stories high, and has a rotary dome. The dome-room contains a well-mounted equatorial telescope, made by Troughton & Simms. This instrument has a 4 8-10 inch object-glass, giving powers from twenty-five to four hundred. Besides the above, there are five portable astronomical instruments and a library of five hundred works on Astronomy, Mathematics and the Physical Sciences.

CHARLES W. HOFFMAN, Esq.,

SECRETARY AND TREASURER.

PROSPECTUS.

The city of Washington offers peculiar advantages to the Student of Law.

Besides opportunities of hearing the arguments and forming the acquaintance of the most distinguished members of the American Bar, he has here the rare privilege of witnessing all the forms of judicial procedure, from those of the petty local courts up to those of the Supreme Court of the United States, and of consulting the Law Library of Congress, which contains a collection of Law books unsurpassed in variety and extent. Moreover, by an order of the Supreme Court of the District of Columbia, the graduates of the Law School of Georgetown College are *ipso facto* entitled to admission to the Bar of said Court.

THE COURSE OF STUDIES embraces a period of two years. Candidates for graduation must have attended two consecutive courses of Lectures in this School, unless they have already studied for one year at some regularly established Law School or under some approved attorney; in which case, attendance at one full course only will be required.

Besides the ordinary Lectures and examinations thereon, the students will be encouraged to deliver lectures on legal topics and to discuss mooted cases. Facilities will also be afforded for Moot Courts and Law Clubs, under the direction of the Officers of the School. The exercises will be held in the evening, in order to facilitate the attendance of gentlemen who are engaged in the service of the Government.

The entire charge for attendance on all the exercises will be *eighty dollars* a year. Graduation fee, *ten dollars*.

The Lecture-Room of the School is in the Hall of the Colonization Building, Northwest corner of Pennsylvania Avenue and 4½ Street, Washington city.

The opening Lecture of the term of 1872-73 will be be delivered on Wednesday evening, October 3d, 1872.
